

Section Rapport 2017

Skeletal Trauma and Sports Medicine

Klaus Wendt, chair
Radko Komadina, vice chair

Section Members

- Members 292 (280)
- Countries 55 (55)
 - Europe 34
 - Others 21

- Countries
 - > 20 members 4
 - 6-20 members 4
 - < 6 members 47

Section Members

- Netherlands 78
 - Switzerland 28
 - Germany 26
 - Austria 23
-
- United Kingdom 14
 - Romania 13
 - Japan 7
 - Italy 6

Educational committee

- Jan Bernard Sintenie NL
- (Trauma) surgical courses
- sintenie@hotmail.com

Proposals 2017

Bucharest

- Basic fracture care
 - Fractures around the hip and wrist
- Conservative fracture treatment
- Paediatric trauma
- Skeletal injuries in polytrauma
- Intramedullary nailing procedures
- Spine
- Hand injuries
- Soft tissue/bone infections
- Periprosthetic fractures

Topics 2017

Bucharest

Key note lecture

- Thromboembolic prophylaxis
- Upper extremity fracture
- Trauma in extremely age
- Management of severe haemorrhage from pelvic fracture
- Management priorities in complex articular injuries
- 3D printing on pelvis fractures
- Per prosthetic fracture of the proximal femur
- Vascularized grafts in post-traumatic bone defects of the lower limb
- Atlanto-axial traumatic injuries-delayed diagnosis and surgical treatment
- Complex injuries of the limbs: amputation/limb saving
- Advantages and limitations of external fixation in complex limb injuries

ICL

- Femoral neck fractures
- Damage control in skeletal trauma
- Complex articular injuries
- Polytrauma how to prioritize
- Fragility fractures
- Innovation in skeletal trauma care
- Complex injuries of the limbs
- Cerebral spinal trauma

Symposia

- Distal radius fractures
- Infection in skeletal trauma
- Osteoporosis and nailing
- Secondary reconstruction after skeletal trauma

Proposals Valencia 1018

- “State of the art sessions” for young colleagues (boot camp)
- Scientific sessions about innovation: what’s new in trauma surgery
- All section members are invited to do proposals to our new section chair within 1-2 weeks
- Thinking about a new format: sessions organized by national societies and (worth) case discussion sessions

Proposals ESTES Advisory Council

- Create quality requirements for ESTES guidelines
 - Under discussion

- Create a case discussion platform on the website
 - Web based communication platform is established

Recommendations on hip fractures

ESTES working group hip fractures

Published in the EJTES Jan. 2017

Further activities 2016/17

- Autumn meeting in Berlin(DKOU)
 - Discussion about the future of ESTES

- Working group recommendations proximal humerus is established
 - Literature search is started
 - Autumn meeting will be planned
 - Delphi procedure

ESTES working group proximal humerus fractures

Section Skeletal Trauma and Sports Medicine

- Cem Copuroglu Turkey
- Dominik Heim Switzerland
- Andriy Kalashnikov Ukraine
- Radko Komadina Slovenia
- Jörg Oestern Germany
- Paul Puchwein Austria
- Jan Bernard Sintenie The Netherlands
- Jan Verbruggen The Netherlands
- Wietze Zuidema The Netherlands
- Klaus Wendt The Netherlands

Planned activities 2017/18

- Proposal for ESTES regional conferences to start in Southeast Eur
- Possible topics
 - Bleeding control in the emergency room
 - Open fractures

Section (vice) chair

- Radko Komadina Slovenia chair
- Richard Kdolsky Austria vice chair
