The ESC® (joint collaboration between ESTES and AAST) aims to aid surgeons in non-trauma emergency surgery by providing the know-how and the decision-making skills necessary for daily practice. The course consists of theoretical sessions, case scenarios plus state-of-the-art videos and is especially designed in an interactive format to present and actively discuss management of the general surgery emergencies encountered when on call. The 2 day course reviews the current literature on management of these emergencies and with interactive case discussions provides tips and tricks to improve surgical skills.

	2-day Course	2-day Course + Manual
Regular	350 €	450 €
ESTES/AEC member	300 €	400 €
MIR	250 €	350 €
